

Mechanical & Aerospace Engineering Colloquium Series
Fall 2017 Program
Wednesdays, Easton Hub Auditorium 3:30pm–4:30pm
Social Hour & Refreshments at 4:30pm

- September 6 REHS Safety
Alex Ruiz, *Rutgers REHS*
- September 13 Dynamics of Stratification in Micellar Freestanding Films
Professor Vivek Sharma, *University of Illinois at Chicago*
- September 20 Title TBD
Professor Siva Thangam, *Stevens Institute of Technology*
- September 27 Title TBD
Dr. William Stoffers, *Sierra Nevada Corporation*
- October 4 Title TBD
Professor Pratap Rao, *Worcester Polytechnic Institute*
- October 11 Plasma Medicine
Professor Mounir Laroussi, *Old Dominion University*
- October 18 Overview of Fluid Dynamics at the National Science Foundation
Dr. Ronald Joslin, *National Science Foundation*
- October 25 Title TBD
Professor James F. Klausner, *Michigan State University*
- November 1 Title TBD
Professor David Livingston, *University of North Dakota*
- November 8 Title TBD
Professor Sean Sun, *Johns Hopkins University*
- November 15 Soft, Stretchable, and Reconfigurable Materials for Electronics and Actuators
Professor Michael Dickey, *North Carolina State University*
- November 29 Title TBD
Dr. Sean Kearney, *Spectral Energies*
- December 6 Title TBD
Dr. Wonmo Kang, *U.S. Naval Research Laboratory*
